### **DETAILED ACTION**

This action is a response to applicants' filed September 30, 2003. The response has over the rejection of the claims in the Office Action mailed May 20, 2003. However, claims 54-56 indicated as allowable have been withdrawn after reconsideration for the following reasons.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 54-56 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 54 the term "severed" lacks antecedent bases.

Claims 1-3, 34 and 54-56 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01. The coupling apparatus in each of the claims above lacks clear structure and fail to disclose relationship of the elements.

Note: Claim 37 has been withdrawn from consideration by the applicant.

#### ***Allowable Subject Matter***

Claims 6-10, 14, 17-33 and 38-47 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 11-13, 15-16 and 48-53 are allowable over the art of record.
